

Grade 7 Geometry and Spatial Sense Ontario Educational Resources Bank (OERB) Activities

Geometric Properties	
Activity	Description
<p style="text-align: center;">Sorting and Classifying Shapes</p>  <p style="text-align: center;">Resource ID: ELO1409460</p>	<p>Practise sorting and classifying shapes based on symmetry, line and angle properties.</p>
Congruency	
Activity	Description
<p style="text-align: center;">Congruency TV</p>  <p style="text-align: center;">Resource ID: ELO1409410</p>	<p>Build understanding of congruency by exploring the measurements of congruent and non-congruent shapes as well as the effect of transformations.</p>
<p style="text-align: center;">Describing Triangles - Are They Congruent?</p>  <p style="text-align: center;">Resource ID: ELO1409480</p>	<p>Build understanding of congruency by constructing triangles from a given set of conditions and investigating if they are congruent, similar or unique.</p>
Location and Movement	
Activity	Description
<p style="text-align: center;">Alien Coordinates</p>  <p style="text-align: center;">Resource ID: ELO1409440</p>	<p>Practise plotting and reading points by using all four quadrants of the Cartesian coordinate plane.</p>

Grade 7 Geometry and Spatial Sense
Ontario Educational Resources Bank (OERB) Activities

Transformations	
Activity	Description
<p>Transforming Ben's Bedroom</p>  <p>Resource ID: ELO1410060</p>	<p>Build understanding of transformations by identifying them in designs and by performing them to create patterns.</p>
